Two-Year File Keeping

This service means that we'll keep your project's files for 2 full years. You will gain a peace of mind knowing that your design will be sent to you, should you lose it (hard drive failure, CD-R disk damage, etc).

It is a little extra insurance on your order to keep your design safe.

Two-year file keeping **\$20.00**

Source Graphic Layout

We recommend to include source graphic layout in your order because it allows you to make any changes of your design yourself, without waiting, whenever you want. Otherwise you will need to order the layout update service (\$60.00 one-time fee), when you need to make any graphic modifications.

The graphic layout is a Photoshop PSD file featuring:

- * Unmerged layers with editable layers effects.
- * Easy-to-understand layer structure (all layers are grouped into folders and every layer has its own name).
- * Precise placement of all page elements (exact copy of printed item)
- * Photoshop guide lines for easier editing of your layout.

Source graphics, per layout (poster, book cover, CD, etc.) **\$50.00**

From Photoshop file or PDF file to: JPG, GIF, EPS, PNG **\$25**
